YAWARA

For self protection and health
Yawara is the best builder in
the world because it involves
both physical and mental
training.

Choose for yourself one of the
courses listed below and begin
today to develop your body
both physically and mentally.

1—Self protection . . . A training
that helps defend yourself on
any occasion.

2—Body building . . . For those
who are under developed,
physically handicapped or
run down.

3—Mental training . . . For those who are nervous, lack
courage, self-confidence, are backward and looking
at the dark side of life or mentally depressed.

Personal and Individual Instruction. Call and let Prof.
Matsuyama discuss your problems with you.
